

PRODUCT DATA SHEET

K2 TIRE DOCTOR

TIRE INFLATOR

K2 Anti Frost - Quickly and effectively seals and inflates punctured tires. Temporary repair without disassembly and tools. The product contains aerosol, which inflates the tire and unique latex formula to seal the hole. It doesn't have any influence on wheel balance. Suitable for tires bigger than 14"-size.

Directions: Shake well before use for about 1 minute. If possible, position the wheel with a puncture down. Screw plastic hose adapter to tire valve. Hold the can upside down and empty completely. Drive immediately for about 10 kilometres with a maximum speed of 50 kilometre per hour in order to enable the product to equally spread in the tyre. Tire is only temporarily repaired – drive to the nearest service station for permanent repair. Inform car mechanic that the tyre has been temporarily repaired and show the empty can. Can be used in cars with an indirect TPMS system that monitors tire pressure.
